

Activity 8 First, Next, Last

Encourage your child to use math words while telling you about his or her daily events. These words include *first*, *next*, *last*, *before*, and *after*.

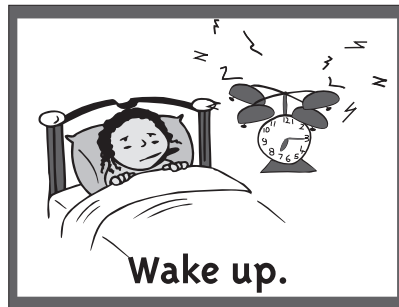

Materials:

Procedure:

1. Tell your child that the pictures below are all mixed up. Ask: *What happens first?* Have your child label the correct picture with "First".

2. Ask: *What happens next? What happens last?* Have your child label the pictures "next" and "last", respectively.
3. Ask: *What time do you wake up? What time do you go to school?* Have your child display the time on his or her clock.
4. Encourage your child to draw 3 things he or she did today. Have your child write first, next, or last under each picture.
